**Marriage Tip of the Month**

When we marry, we gain a spouse and his or her family. It is essential that we agree to ensure that we, as a couple, have the most important connection and that we remain united as a family unit when stresses with extended family arise. This means coming to agreement with each other on items such as how to celebrate holidays and traditions, the raising of children and other areas that directly impact us as a couple, even when family wants to have input. Our families can provide wonderful support to our marriage, but we must remember that the essential relationship is between our spouse and ourselves.
