**Marriage Tip #155**

Gratitude has proven to be one way that we can feel more joy in our everyday living. In our marriages, all the good moments can slip past our awareness when we focus instead on those that are annoying. What if you took time at the end of each day to review the day with eyes of gratitude instead of discontent? You would find that you can be thankful for so many things, for example: a spouse to share your home with, to share parenting with, to make you coffee or dinner, to the shared glance, smile or kiss that day. And there is more: a person who shares your values, who supports your faith, someone who is a forever friend. When we focus on gratitude, our relationship has a different look and feel and both spouse's benefit!
