Parenting Tip of the Month #186
The gift of faith is a treasure that provides children with a solid foundation for life and benefits them in multiple ways. Faith in God gives them an understanding of something greater than themselves; someone they can depend on to care for them in every situation. It provides a moral compass on how to act and live in their world and how to treat others. It also provides them with a sense of purpose, since our faith teaches that we are each given gifts to share with others in our lives. From their earliest days, reading stories that incorporate faith, praying as a family at meals and before bed, attending Church and participating in parish events all serve to help our children feel a sense of belonging and to understand God is always with them. Children depend on their parents to provide a base of learning that is constant and faithful. When parents create space for faith at home, it will benefit their children for a lifetime.
